Activate my ProPay Card

激活我的 Propay 卡

By activating your card you agree to the terms and conditions found in the [Cardholder Agreement](#).

In order to activate and use your ProPay MasterCard® Card, you will need to choose a four-digit personal identification number (PIN). Please choose your PIN number below then click Submit.

Required fields are marked with an asterisk (*)

* Last 4 digits of Credit Card Number 

* Expiration Date  / MM/YY

* ProPay Card PIN 

PIN Number Security Recommendations

Your PIN number is very important as it allows access to the funds in your Account from ATM machines. Transactions completed with the use of your PIN number, even without your authorization, cannot be disputed.

As you are selecting your PIN number, please keep in mind the following security recommendations:

- Select a secure PIN number that cannot be easily predicted by anyone else
- Take all reasonable steps to ensure that your PIN number is only ever known by you
 - You should memorize your PIN number
 - Do not write your PIN number on your card or in any other easily accessible place
- Do not allow others to observe your PIN number when entering it into an ATM machine
- Do not use an ATM machine that appears to have been tampered with
- Only use an authorized PIN entry device to communicate your PIN number to anyone, including representatives of ProPay or its sponsor financial institutions
